

Corum Vermögensverwaltung AG strengthens international focus with appointment of Vanessa Muenzhuber

Experienced wealth manager with over 25 years experience joins as International Wealth Manager

Zurich, August 2025

Corum Vermögensverwaltung AG announces the appointment of Vanessa Muenzhuber as International Wealth Manager. With more than 25 years of experience in international private banking and wealth management, she brings extensive expertise in advising high-net-worth individuals, family offices and entrepreneurs across different regions.

Muenzhuber has held senior positions at JPMorgan Wealth Management and Credit Suisse Private Bank in Hong Kong and Zurich. In these roles, she focused on the acquisition and long-term support of international clients, the development of comprehensive portfolio strategies and the design of bespoke investment solutions. Her track record includes advising clients from Asia, Switzerland and Latin America who sought access to the Swiss financial centre, as well as supporting Swiss entrepreneurs in expanding into global markets.

Her professional expertise spans both traditional asset classes and alternative investments, with a particular interest in sustainable real estate and technology-driven opportunities. Beyond her client advisory work, she has served as an advisor to entrepreneurs at ETH Zurich on quantitative methods and artificial intelligence, and has acted as a mentor for non-profit organisations.

Speaking multiple languages – German, English and Spanish, with professional proficiency in French – Muenzhuber is well placed to bridge cultures and connect clients from Europe, Asia and Latin America with Swiss wealth management.

“Corum’s independence and its commitment to putting clients’ interests first align perfectly with my values,” says Vanessa Muenzhuber. “I look forward to contributing my international experience to further strengthen Corum’s position as a trusted partner for sophisticated investors.”

“I am very pleased about Vanessa’s decision. In doing so, we are reinforcing our growth strategy not only through a buy-and build approach with acquisitions of asset managers but also through the targeted addition of relationship managers from the banking sector,” reinforces founder and owner Stefan Bucher.
